

# Our two-tier hospital network adds more leading hospitals and more ways to save

Our Anthem Blue Cross (Anthem) Tiered Preferred Provider Organization (Tiered PPO) network is one of the strongest you'll find in California, with some of the best hospitals in the country. That includes Ronald Reagan UCLA Medical Center and Cedars-Sinai Medical Center in Los Angeles, Sharp Memorial Hospital in San Diego and UCSF Medical Center in San Francisco.<sup>1</sup>

Take a look at all the extras that come with our Tiered PPO hospital plans.

These plans have the flexibility of a PPO with the lower costs of a two-tier hospital network. Plus, all of our Tiered PPO plans include out-of-network benefits. Members will pay less when they stay in our network, but they'll also have the choice to go out of the network. The two types of in-network hospitals in the two-tier network are preferred in-network (Tier 1) and in-network (Tier 2):

- o **Tier 1 – preferred in-network**

The member's share of the costs for covered services will be less with a Tier 1 hospital, compared to a Tier 2 hospital. We've negotiated the lowest out-of-pocket costs for covered services with Tier 1 hospitals. Members would also be responsible for lower coinsurance on most plans.<sup>2</sup>

- o **Tier 2 – in-network**

These hospitals have higher out-of-pocket costs. They are a part of our network, but without the deep discounts offered by Tier 1 hospitals. With Tier 2 facilities, members would be responsible for a higher coinsurance on most plans.<sup>2</sup>

Note: Tiered PPO plans cover **emergency treatment** at any hospital, wherever members may travel in the U.S. and abroad — even if it's not in our network.

## How to know which hospital is the right choice

Members who need hospital services can work with their doctors to decide which hospital can offer the best care and the most savings. If you have additional questions, email Broker Services at [agent.support@anthem.com](mailto:agent.support@anthem.com).

## Keep reading for a list of network hospitals by tier ▶

<sup>1</sup> Provider listings may change. There are hospitals, doctors or other providers who are not included in every plan network. To avoid higher costs, we recommend you contact the provider to confirm that they are in your plan network and that the desired service is covered.

<sup>2</sup> Keep in mind that with some Bronze plans, you'll need to pay 100% of the cost for inpatient and outpatient services until you meet the plan's out-of-pocket limit. Once you meet the out-of-pocket limit, we'll pay 100%. You'll still end up paying less through our negotiated rates with these providers.

Information in this document applies to 2016 Tiered PPO plans.
